

# R W Services Contractors Ltd

## Environmental Management Policy

R W Services Contractors Ltd aims to minimise the environmental impact of its operations and reduce the effects of noise, dust, disturbance and inconvenience to others. As a business, we are committed to improving or environmental performance and the prevention of pollution.

To ensuring that good environmental practice is in place regarding activities carried out by, or on behalf of R W Services we:

- Comply with environmental legislation and other environmental compliance obligations.
- Identify and manage the company's significant environmental risks to an acceptable level and identify potential opportunities for improvement.
- Make best use of natural resources, employing life-cycle philosophy where practicable and managing wastes in line with the Waste Hierarchy.
- Safeguard the natural environment with our control, preventing pollution and protecting biodiversity and ecosystems.
- Ensure the effective management of the company's premises.
- Maintain resilience regarding environmental threats to the company and its services.
- Ensure that the company staff have the necessary skills, competence and awareness regarding environmental aspects of their roles.
- Through the above actions to achieve continual improvement of the company's environmental performance.

This policy will be communicated to all those working for us and sub-contractors working on our behalf. A full annual review will take place alongside quarterly action plan reviews at our management review meetings. Areas that require improvement and corrective action will be presented to the company's board of directors.

We are committed to working in partnership with customers and suppliers to offer the most environmentally effective and appropriate solutions.
