

R W Services Contractors Ltd

Environmental Management Policy

R W Services Contractors Ltd is a civil engineering & construction company that operated from our head office in Birmingham covering the West Midlands and surrounding areas.

We are committed to caring for and protecting the environment in which we operate, by pursuing a responsible and proactive attitude to improving environmental performance across all of our business activities. We will comply with, and where possible exceed, all legal obligations and any other requirements to which we subscribe, in relation to the environmental aspects of the business.

Specifically, where it is within our control or influence in the design, planning, construction and operational management we undertake to:

- Assess and minimise any negative environmental impacts, and maximise and positive impacts, or its operations;
- Develop management processes and operational procedures to prevent pollution;
- Reduce the effects of noise, dust, light, disturbance and inconvenience;
- Make efficient use of energy and water resources, and reduce our carbon footprint;
- Make efficient use of natural resources and promote the use of sustainable materials;
- Reduce waste production, and divert waste away from landfill by promoting resource efficiency, recycling, and the use of recycled and recyclable materials;
- Develop and maintain emergency procedures to deal with any significant environmental hazards or incidents that may arise as a result of our activities;
- Implement a continual improvement process by assessing and monitoring performance against specific environmental objectives and targets relevant to its business activities;
- Raise awareness of environmental issues through training, and development of all employees;
- Undertake regular audits and annual reviews of the effectiveness of this Environmental Policy and its associated procedures, measurement methods, objectives and targets and the progress towards meeting those objectives and targets.

This policy is supported by the Directors and Senior Management Team, and is given effect through an integrated environmental management system in line with the requirements of ISO 14001:2015.

The Management Team regard this policy as fundamental to core business objectives, and therefore communicates it to all persons working under the control of R W Services Contractors Ltd. It is their responsibility to support and apply those sections of the policy and procedures that relate to their activities.

The Management Team will also publish this environmental policy publicly, receive and review reports on its environmental performance and, where applicable, prepare and publish results.
